Reissue Declaration

The reissue oath/declaration filed with this application is defective because the errors which are relied upon to support the reissue application are not errors upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414. The errors relied upon in the reissue declaration (amending the claims merely to improve antecedent basis and/or correct textual errors without affecting the scope of subject matter of the claims; see both the reissue declaration and applicant's comments on page 22 of the pre-amendment filed on 7/31/2003) are errors which do not affect the scope of the patent claims and could have been corrected by a certificate of correction. See MPEP 1481 and 1485.

Claims 1-14 and 18-73 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Conclusion

Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent Nos. RE 37,853 and 5,749,937 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Art Unit: 1742

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott Kastler whose telephone number is (571) 272-1243. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on (571) 272-1244. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
